Influence – Advocacy & Leadership Development

Firms are still struggling to afford healthcare. Informed by AIA Kentucky, AIA Oregon and AIA Washington, SFx is working on an article for state components to consider a healthcare trust for the benefit of their members.

Vendor Discussions – [MasterSpec](#), [AIA Contract Documents](#), Autodesk / Revit – requesting “small firm” pricing.

SFx is advocating for small firm recognition at local and regional design awards. [Use the AIA Small Project awards categories](#) to advocate for visibility at your local chapters.

SFx [Lien Rights](#) Awareness Initiative: with the help of state components and their local lobbyists, SFx offers to create a customized lien rights awareness presentation for webinar or conference for the benefit of architects within your state.

[AIA Leadership Academy](#) – 3-year national program: in-person meetings, webinars, and coaching calls to support individual leaders on firm, community and/or professional leadership growth.

We want to hear from you! If you have small firm advocacy issues, reach out to your SFx regional rep. listed above!
