

STORIES WORTH KNOWING

Greetings and thanksgivings to you and all living beings.

The Haudenosaunee have gifted us with a reminder of the abundance that surrounds us through the *Thanksgiving Address: Greetings to the Natural World*. We often begin our design charrettes with the “Words Before All Else”, consciously bringing all living beings into our deliberations.

The Haudenosaunee have published these words in a little book so they can be spread far and wide. If you would like a copy of the booklet, sign up for 7group’s mailing list. It’s our way of saying thank you.

Join us as we explore what it means to fully engage in a regenerative practice to produce living systems focused design.
